

# Test Criteria

Each pet is tested on their ability to interact calmly, with interest and with no signs of stress.

\*\* Growling, mouthing, jumping, pawing, and/or vocalizing will immediately deem the pet not ready.

\* Handpets (rabbits)

Meet & Greet, Handling (dogs, handpets, cats)	A person runs their hands over and hugs the pet. Handpets & cats must stay in the person's lap for interaction.
Neutral Dog (dogs)	Dogs must walk under control, past another dog with a short pause, without interacting.
Leave It (dogs)	Dogs can walk by a treat and tennis ball laying on the floor, and allow a person to pass swinging a toy, each time showing little interest and well under control.
Chair Visit (dogs, handpets, cats)	Pet should enjoy visiting with a person sitting in a chair. Handpets & cats must stay in the person's lap for interaction.
Sit, Down, 5-second Stay, Return (dogs)	Each must be completed in 3 commands or less with no treats.
Moving Crowd (dogs, handpets, cats)	All pets must be able to maneuver through a crowd without interacting and showing stress.
Equipment – Walker, Wheelchair (dogs, handpets, cats)	Pets must interact with 2 people using a walker and a wheelchair.
Mob Scene (dogs, handpets, cats)	Pet must be calm for petting and crowding by a group of 4-5 people.
Walk Along (dogs)	Dogs must walk calmly, within close proximity to their handler, without pulling or lagging.
